Agenda approved unanimously.

IV. Approval of Minutes

No minutes for approval.

V. Chair's Report

Tyler said that he's still working on Lobby Day, and that we'll cover some of the logistics in the Lobby Day discussion later in the meeting.

VI. OGR Director Report

Ben's report is attached in the handout.

VII. ASUW BOD Liaison Report

Karl said that GRTF met on Thursday and discussed the Legislative Agenda. General sentiment was that only LSC should be able to create the Agenda, but they want the Board and Senate to have an open dialogue, with the potential for a resolution conference to follow.

VIII. ASUW President Report

No report.

IX. GPSS Report

Angie (For Nick) said that GPSS has signed up a lot of people for Lobby Day.

X. Old Business

a. Lobby Day T-shirts

Hannah and **Phyllis** presented the t-shirt designs. They polled the committee and said they'd resend them when the new designs are done.

b. Breakdown of Expenses

Tyler said that he'd email the breakdown of expenses to the committee.

XI. New Business

a. Lobby Day Advertising Blitz

Tyler said that a good goal to have is 20-30 people signed up per day.

XII. Discussion/ Announcements

The committee brainstormed ways to do outreach to get participants – Lee's sending out an all-school email, and Tyler's doing dinner announcements in the Greek system.

Phyllis said that she made an overhead for her class and kept it up for a few minutes before class for a couple days.

Tyler said that he would have Sheridan but 2 \$200 gift certificates to the UBS instead of the iPods we had originally planned on giving away. The committee decided that the raffle should be done on that day (Wed) in Olympia, and that participation should be required to win (but not presence, because there's meetings scheduled during the rally).

Tyler suggested that the committee start thinking about ideas to celebrate ASUW's 100th anniversary because LSC has had a strong presence during that whole time.

XIII. Adjournment

The meeting was adjourned at 4:50
